

Personal Information:

Name: Mitra Mohammad Hosseini Sisakht

Birth Day: 1995-04-12

Country: Iran

Cell Phone: +98 9367482561

E-Mail: mhmitra.mh@gmail.com

I am an industrial Designer. I was born in Sisakht(Kohgiluyeh & Boyer-Ahmad province), Grew up in Isfahan. I have always been interested in creating objects by hand when I was a child, but since I got familiar with different design fields, I knew industrial design and whatever related to it are in my interest zone. So overtime, this interest was transferred from creating things by hand in childhood to creating useful objects for life. As a result I took up Industrial Design as my major in the university.

After graduation from BCs program, I decided to work despite my desire to continue my studies in MCs program. After gaining valuable experiences during the years of working in multiple companies, now I intend to get to well established Politecnico di Milano University, to expand my knowledge in Design program.
